2009 CRUFTS TEAM FLYBALL

These rules are for the Crufts Team Flyball event and should be run in conjunction with the specific flyball regulations H(2).

This is a team competition (knockout). Two teams will compete against each other on separate equipment. The best two of three runs will decide the winner to go into the next round in the heats. In the final at Crufts 2010 the best of three runs will decide the winner to go into the next round.

Each team shall consist of four handlers and dogs plus two reserves. A club may enter more than one team, and a club may qualify more than one team for the final. No handler or dog can enter/compete in more than one team. All dogs entering in KC licensed Flyball competitions must be Kennel Club registered.

The two highest placed teams will be invited from each heat to compete in the semi final/final at Crufts 2010. Teams that have previously qualified cannot enter further heats for competition.

Flyball boxes to be used in this competition will be the commercially available flat fronted type and all teams will provide their own flyball box and tennis balls for any Crufts flyball competition entered which may include the final at Crufts 2010. Clubs holding heats will be expected to have a spare approved box available should it be required. The host club will also provide all other equipment needed to run the event eg. Hurdles (12"/30.9cm) high, backstops, etc.

This competition is governed by Kennel Club guideline rules for Flyball in force at the time of the heat/final. Only handlers who are members of the original team, or named as reserves on the entry form, will be allowed to compete in the final at the organiser's discretion (exceptional circumstances).

Awards supplied by the Kennel Club for **each heat**
